CMCC Doc. No. 151x5.1107

Copy 1 of 5

Page 1 of 1

May 15, 1958

Dear Dan:

As requested in your letter No. 22846 dated December 27, 1957, we are forwarding this proposal which sets forth our recommendations for the Depot Spares support of Requirement No. 2's 3-channel data reduction equipment.

We have enclosed copies of the basic list, Equipment List XX, dated April 16, 1958, and its cost estimate. The estimated cost of this list is \$12,529.05, and the fee, computed on this amount at 8.25%, is \$1,033.65. The total estimated cost including fee for this list is \$13,562.70. We will not begin any procurement action against this requirement until we receive authorization from you.

We do not find any indication that the Fly-Away Kit Spares proposed for Requirement No. 2's 3-channel equipment were ever approved. These spares were recommended in our proposal CMCC Doc. No. 151x5.837 dated November 19, 1957. It would be appreciated if you could advise us of the approval status on these spares.

Sincerely,

Dean
